

## **We are more than excited that you chose Consultants in Ob/Gyn for your care during this special time!**

In order to make this experience as smooth and painless as possible, we would like to give you information on the financial aspect of your pregnancy. We offer a 35% discount if you pay for your services before you deliver. This option is available to you if you do not have maternity benefits through your insurance plan, or if you don't have insurance coverage.

For patients who either don't have maternity benefits, or do not have insurance coverage at all, the following information applies to you:

- The charge for a vaginal delivery is \$5,502.00. If you pay prior to delivery, the discounted price is \$3,576.30.
- The charge for a C-section delivery is \$6,123.00. If you pay prior to delivery, the discounted price is \$3,979.95.

If you need to come in for any other visits other than routine OB appointments (i.e. UTI, infection, etc.), you will be charged for an office visit. There are separate fees for all ultrasounds, non-stress test, and lab work that may be done during your pregnancy. Again, you may get your discount if you pay at the time of service, or contact Patient Support Services to set up a payment plan at 1-888-422-7720.

The hospital will charge separately for their services and payment will be expected upon discharge. You may set up payment arrangements with Presbyterian/St.Luke's Financial Services, by calling 3030-839-6661.

If you have any questions at any point during your pregnancy, please do not hesitate to contact our office!
